Trust your instincts. Be the best version of you.
Don't forget to smile and enjoy every moment.

-Ms. I

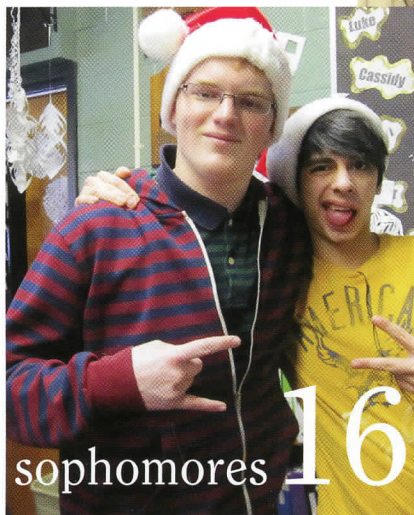

Don't be surprised if you discover one day that
your life is actually not about you, but rather about
how you are meant to affect those around you.
This will free you to live with true purpose.
Mr. Rose

**It is never about being the person
people want you to be. It is about
becoming the person you wish you
could be. -Mr. Leclerc**

" Throw off the bowlines, sail away from
safe harbor, catch the wind in your sails.
Explore, Dream, Discover." -Mark Twain
Good Luck, Class of 2015! -Mrs. Lang.

**Throw off the bowlines, sail away from
safe harbor, catch the wind in your
sails. Explore, Dream, Discover." Mark
Twain
Good Luck, Class of 2015!
-Mrs. Angevine**

Congratulations, Class of 2015!
You were my first 4/5 looping class at CPS, and I
can't believe you are graduating already! I have
been proud to see all of your accomplishments so
far, and I know you will go on to do great things!
Best of luck!

We are.....

Awesome

Epic

Respectful

To the Class of 2015: Congratulations! You
did it! I give to you my favorite historical
quotations because they are far more
instructional than anything I could say to
you on this wonderful occasion of your
high school graduation. Stay in touch.
Love, Mrs. Forman

"Give the best you have, and it will never be
enough. Give your best anyway." -
MotherTeresa/1910-1997

"An eye for an eye only makes the whole
world blind." - Mohandas K.
Gandhi/1869-1948

"The splendid achievements of the intellect, like the soul, are everlasting." - Gaius
S.Crispus/86-34 B.C.

"Knowledge is power." - Francis Bacon/1561-1626

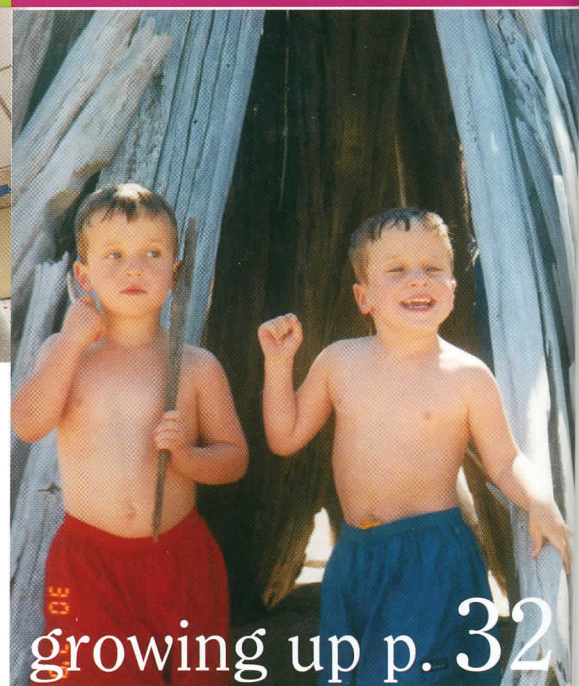

"Blessed are the peacemakers on earth." - William Shakespeare/1564-1616

"I have a dream. ... Free at last." - Dr. Martin Luther King, Jr./1929-1968

"Ask not what your country can do for you; ask what you can do for your country."-
John Fitzgerald Kennedy/1917-1963

seniors 30

growing up p. 32

This was my first class at CPS. Super memories of a fun and caring bunch! **David**- great boy, always worked hard, was my helper with Matthew. Mature, responsible, and fair. I nominated and he received the Principal's award. Always speaks to me whenever I'd see him. **Alex**- quiet, shy, always wrapped his hand around his chin when he was working on his math. He worked hard at math-fav subject. **John**- kind, helpful, loved listening to read-alouds. Great things to say about the books. Still goes out of his way to speak to me whenever he sees me. I LOVE THAT! **Lucas**- quiet, shy, needed a boost in confidence and he made it there. Loved to make him smile and laugh. **Annalise**- hard on herself at times, loved books, was a wonderful writer. Always interested in what we were doing. **Chelsea**- loved to make her smile, blue twinkly eyes and a great smile. Saw a boost in her confidence throughout the year. Great friend to classmates. **Kristen**- always easy to get along with, diligent worker, friendly, and optimistic. **Ellie**- kind, hard-working, fun to be with, super math worker, my sweet niece. **Savannah**- fun to be around, quiet, great "little" worker. Wanted to change her name to JOJO, so that's what we tried to call her. **Kayla**- delightful, friendly, helpful, worked hard on all she did, kind to all. **Rebecca**- "mighty" in every sense of the word. Confident, strong in academics and athleticism. I loved that class!! They were welcoming, supportive, inclusive and strong! I even think they knew I loved them!
-Mrs. Conrad CPS

Hey Buddy. If you're on time, you're late. -Mr. Lunney

Congratulations Class of 2015! You did it! In the words of Neil Gaiman, "Now go, and make interesting mistakes, make amazing mistakes, make glorious and fantastic mistakes. Break rules. Leave the world more interesting for your being here. Make good art." I know you will have many more successes in life! Telstar will miss you! I will miss you!

-Ms. Fraser

Put your heart, mind, and soul into even your smallest acts.

This is the secret of success. -Swami Sivananda
Wax museum was fun with the "Beatles" (Travis was one of them, Ryan, Mike Rodman) They were always singing to us.

-Mrs. Keane CPS

Buena Suerte. Les voy a hechar de menos. -Mrs. Ojeda

John Brooks: "Always strive to move forward, get better, progress...that's what you did in the weight room, do it in life!"
Chris Chappie: "Leading by example is truly a special gift"
Mike Cintron: "Follow your dream... to the end"
Greg Wheeler: "In pursuit of excellence, this is my mission!"
Gabbi Stone: "Adventure is in the eyes of the beholder...Live life to the fullest!"
Ryan Vail: "Fitness, and its pursuit, never ends...embrace it...forever!"

Katie Merrill "Strive for happiness...all else will follow!"

Travis Wheeler: "Never give up or shy from a challenge, ever... no matter who are!"

Noah Rose: "Keep your focus and stay true to yourself...no matter how cloudy your journey may become!"

Mike Dougherty: "Maintaining composure, throughout our ordeals, emerges the man separate and unique from many others!"

Liam Gallagher: "Leadership is a gift to be brought to fruition"

Chelsea Merrill: "Never let mad made obstacles inhibit my path you want to take!"

Rebecca Tuttle: "Best of luck in your endeavors...be the best you can be!"

Vanessa Godwin, Jiselle Conrad, and Courtney Currier: "The Three Musketeers...good luck!"

Dear Members of the Class of 2015,

I would like to take this opportunity to congratulate you on your many accomplishments during your years in our school district and to wish you well as you get ready to begin a new chapter in your lives.

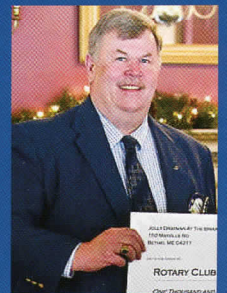

Many years from now, you will open this yearbook and reflect back on your high school years. You will remember your old friends and teachers and think back to the many experiences that you had during your time at Telstar. I hope your memories are all pleasant ones and that you use the experiences that you gained here to help guide your future decisions.

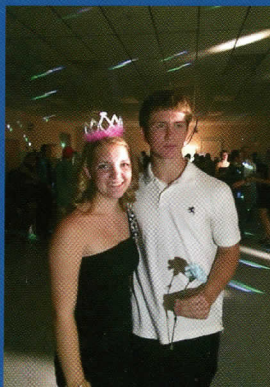

As you prepare for the next phase of your life- whether it be attending college, joining the military or entering the work force, I hope that the coming years are filled with good health, much happiness and great success. As Abraham Lincoln once said, "The best way to predict your future is to create it."

Good luck in that regard and best wishes in all of your future endeavors!

Sincerely,

David W. Murphy Ed. D.
Superintendent of Schools

We..... have pride

Homecoming 2014 was the best representation of School Spirit Telstar High School has seen in a long time! 'Merica Monday, Twin Tuesday, Way-Back Wednesday, Telstar Pride Thursday and Forget it Friday brought out the best dressed, creative fashion, and all out lazy wear to end the fun-filled week. Students were able to earn points for their class by showing their school spirit throughout the week either by dressing up or participating in competitions during a pep rally. School pride continued with each sport team hosting a game on different days of the week.

Thursday night, the Telstar Community celebrated and honored our Sports Teams with a parade down Main Street and a bonfire with food, and music. Senior Athletes were recognized despite Student Council Co-Presidents and Ms. I trying to announce over the very loud generator. Different from years passed, the 2014 bonfire brought together the whole school by introducing new class competitions of Tug-of-war, Pie Eating Contest, Three-legged race, and the Best Class Banner.

Freshman 4-H Experience

The Freshman class attended the University of Maine 4-H Camp in Bryant Pond. As Douglas Bennett put it, we took a "Step into the future". This opportunity allowed us to escape the normal classroom setting, be more active, and have hands on learning. As Brett Hastings said, "Be bold, never regular,". We were definitely being bold taking on this challenge of being the first freshman class to try out this program.

In 21st century learning, and work environments, cross-disciplinary skills are necessary to solve important problems we might encounter in college, at work, and other places. Problem-solving not only requires the knowledge of cross-disciplinary skills but also how to use them. At 4-H we have learned how to process this knowledge, and how to apply it to academic tasks. We have tackled problem-solving, work habits, use of data, intellectual, curiosity, reasoning, academic integrity, and so much more.

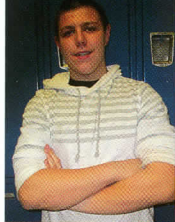

Kids adapted to the new school environment very well. Mitch Bragdon said, "I think it's really fun, different, and better than normal school". Ms. Dole said, "This is a great opportunity for kids to learn, and become a strong ninth grade class. Education is a powerful weapon, which you can use to change the world."

We are...

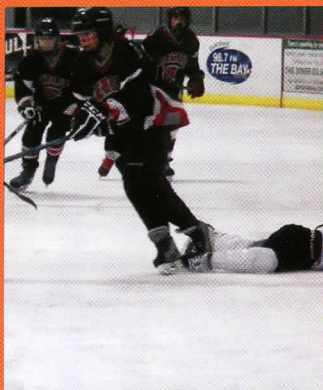

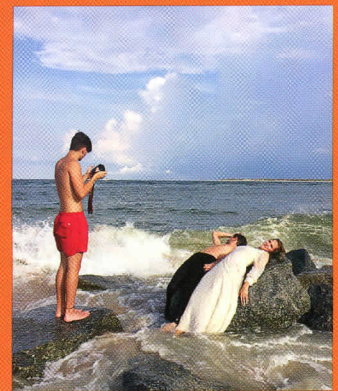

Sonja Farrington

I like to draw different kinds of anime like Ratchet and Clank, Sonic, and King Fu Panda. I like to draw because I love anime, playing anime games and watching anime on T.V. I draw all the time unless I have homework to do. I would like to learn to draw in different styles like using copic markers and drawing different characters from movies and games.

Nicholas Johnson

Photography for me is a means of expression. I love watching my ideas and visions become reality. I've never been gifted in other forms of art like drawing or painting, so I gravitated towards a medium that was easier for me to bring my ideas to life. Photography has allowed me to meet and form strong bonds with people from around the world and I am so blessed to be able to really indulge in my passion and grow as a person from it.

Mallory Corriveau

Hockey is my passion. This makes me unique because of how much love I have for the game and how long I've been playing. I have been playing hockey since I was 3 years old. There is nothing better than getting out on the ice and playing. Everything just goes away, every worry, any stress, just everything. Hockey is the best thing. It is a hard contact sport but it's so much fun. It's such a great feeling to score a goal, get a breakaway, or be able to get the puck and just go with it. Hockey is not only my sport, but the best sport.

Naomi Carr

Initially I took up archery as a hobby doing it only every once in a while. As I continued, I learned I had a natural talent for the recurve bow so I decided to join the Junior Olympic Archery Development (J.O.A.D) program. I have entered a few tournaments and am currently working on getting the gold. With a little luck and a lot of practice, I hope to someday claim a spot on the U.S. Olympic Archery Team.

Michael Cintron

Growing up I had a massive speech impediment. My words simply refused to flow right, and my pronunciation of many words was off. I was forced to take classes to fix the problem but nothing really seemed to work. My mouth wouldn't work right! I was an introvert, shy, and a silent presence in the class room during my early years. Yet, around the 5th grade, something happened. I remember having to do a project which required me to speak in front of my class. After weeks of stressing, I was able to deliver the presentation. From that moment on I found something I loved. There's nothing like the adrenaline rush one gets from speaking in front of a crowd. I became addicted to that rush and did everything, and anything I could to speak in front of people more often. Im still shy, I still have a speech

impediment, and I still consider myself an introvert, but when I get in front of a crowd that all changes. I have delivered several sermons in my local church, spoke at numerous assemblies, and even spoke at the Oxford County Republicans Lincoln Day Dinner. I hope to someday pursue a career in public speaking, but how I'm not sure yet. All I know is its something I love, and one of the few things I'm truly good at. There's no feeling in the world like the feeling I get while speaking. Words can build bridges and break walls. Being able to have a crowd hear my voice, nod to my words, and listen to what I have to say is something I love.

Thanks big brother Chooch for guiding me to Sunday River for my dream, cooking. Thanks Mom and Dad for believing in me. I love Telstar High School!

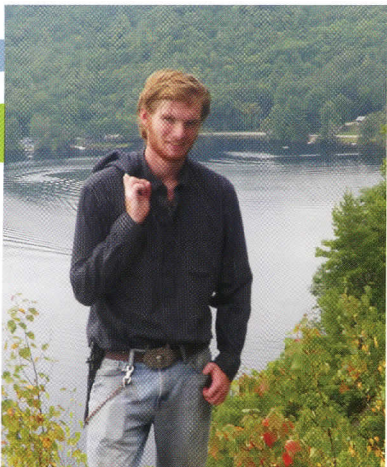

Savannah Blood

In life we do things. Some we wish we had never done. Some we wish we could replay a million times in our heads. But they all make us who we are, and in the end they shape every detail about us. If we were to reverse any of them, we wouldn't be the person we are. So just live. Make mistakes, have wonderful memories. But never second guess who you are, where you have been, and most importantly, where you're going.

John Brooks

Alexander Brown

Well we finally made it "Class of 2015"...I want to say thanks to my Mom, Dad, and Papa C for helping me get through my high school years, I love you all.

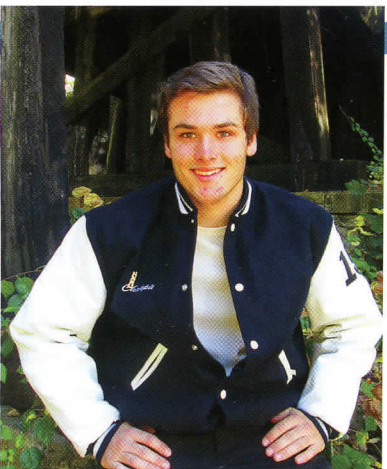

"In order to succeed, your desire for success should be greater than your fear of failure" ~ Bill Cosby

Christopher Chappie

I will remember all of the sports seasons, especially the off season working out with friends.

"Today I will do what you wont, so tomorrow I can do what you can't."

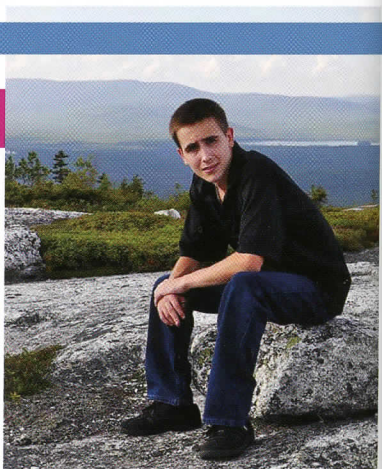

Michael Cintron

"The greatness of a man is not how much wealth he acquires, but in his integrity and his ability to affect those around him positively."

-Bob Marley

"When I was 5 years old, my mother always told me that happiness was the key to life. When I went to school, they asked me what I wanted to be when I grew up. I wrote down 'Happy'. They told me I didn't understand the assignment, and I told them they didn't understand life."

-John Lennon

Savannah Clough

"Today I close the door to the past... Open the door to the future, take a deep breath and step on through to start the next chapter in my life..."

-Unknown

We did it Class of 2015!

Jiselle Conrad

"The future belongs to those who believe in the beauty of their dream."

-Eleanor Roosevelt

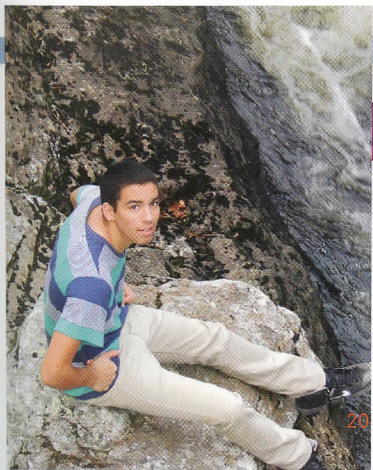

Courtney Currier

"I have been forced to do many things
I don't enjoy, like write things down,
and speak with people."
-Ron Swanson

Anne Cushman

"Be a best friend, tell the truth
And overuse I love you
Go to work, do your best
Don't outsmart your commonsense
Never let your prayin' knees get lazy
And love like crazy"
-Lee Brice

Michael Dougherty

"The difference between a successful
person and others is not a lack of
strength, not a lack of knowledge, but
rather a lack of will."
-Unknown

Rachel Dougherty

Sadie Ellsworth

"The harder the conflict, the more
glorious the triumph."
-Thomas Paine

Aislinn Forbes

"Has this world been so kind to you
that you should leave with regret?
There are better things ahead than
any we leave behind."
-C.S. Lewis

Liam Gallagher

"The Truth is like a lion. You don't
have to defend it. Let it loose. It will
defend itself."
-Saint Augustine

Maureen Glover

"If you hear a voice within you say
'you cannot paint,' then by all means
paint, and that voice will be silenced."
-Vincent Van Gogh

Vanessa Godwin

"However difficult life may seem, there is always something you can do and succeed at."
-Unknown

Lucas Gordon

"People ask me why I pursue it. They wonder why I push my body so hard when the reward is far from guaranteed. They question the risks I take, the freedom at which I decide to lay it all on the line. The doubters. The naysayers. The ones who will never understand. You can have your ordinary. I'm on a quest for something else. For greatness."
-Jon Jones

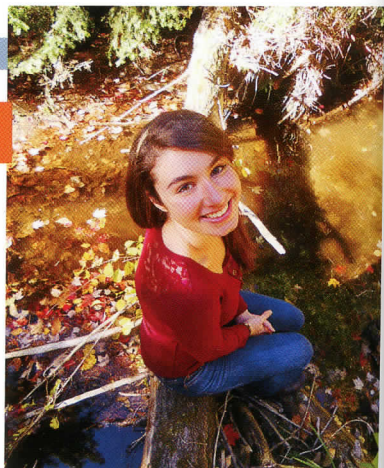

Maverik Griffin

"Everybody is a genius. But if you judge a fish by its ability to climb a tree, it will live its whole life believing that it is stupid."
-Albert Einstein

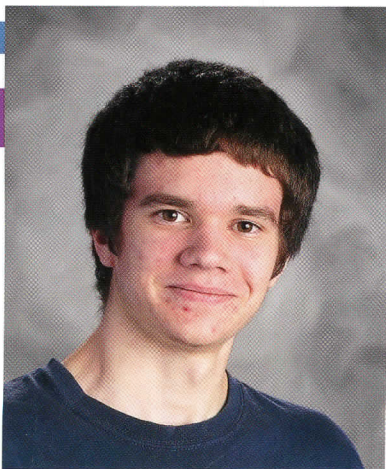

Nisrina Hamdi

"We cross our bridges when we come to them and burn them behind us, with nothing to show for our progress except a memory of the smell of smoke, and a presumption that once our eyes watered."
-Tom Stoppard

Justin Hamilton

"It takes less courage to criticize the decisions of others than to stand by your own."
-Atilla the Hun

Annalise Hawthorne

"No one can make you feel inferior without our consent."
-Eleanor Roosevelt

Crystelle Head

"Someday, everything will make perfect sense. So for now, laugh at the confusion, smile through the tears, and keep reminding yourself that everything happens for a reason."

"I'm not the kind of person who tries
to be cool or trendy. I'm definitely an
individual."
-Leonardo DiCaprio

Shelby Levesque

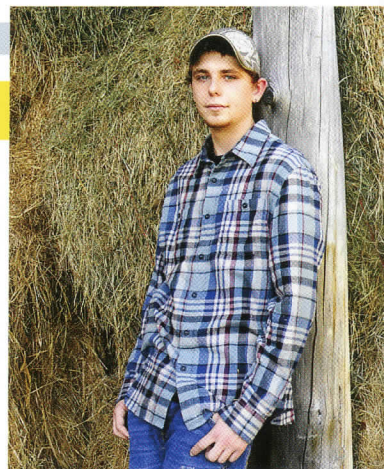

"Check the website."
-Mr. Bennett
"Make smart choices."
-Ms. I

Cyle Marriott

Jacob McGurn

"Boys drive Ford's, but men drive Chevy's."
-Unknown

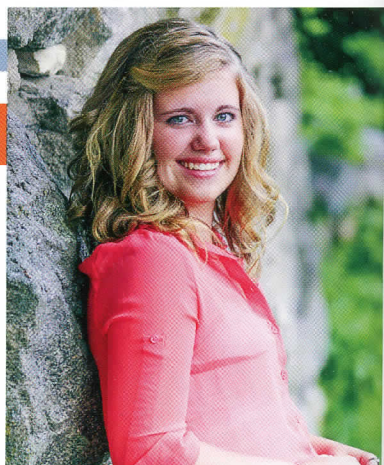

Chelsea Merrill

"For what it's worth: it's never too late or, in my case, to early to be whoever you want to be. There's no limit, stop whenever you want. You can change or stay the same, there are no rules to this thing. We can make the best or the worst of it. I hope you make the best of it. And i hope you see things that startle you. I hope you feel things you never felt before. I hope you meet people with a different point of view. I hope you live a life you're proud of. If you find that you're not, I hope you have the strenth to start all over again."

Katherine Merrill

We did it!! I can't believe it's been four years already, time has gone by so fast. I want to thank my family and especially my mom and dad. Without your support I wouldn't have been able to spend my senior year at CMCC getting a head start on college. I also want to thank my best friend in the world, Sadie Ellsworth, without you my life would be so boring. "The only person you should try to be better than, is the person you were yesterday"

Rebecca Miller

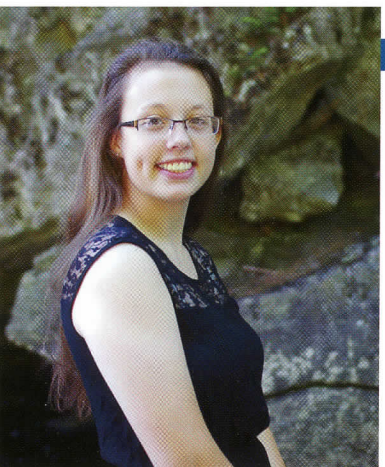

Andrew Mills

"I know it seems hard sometimes but remember one thing. Through every dark night, there's a bright day after that. So no matter how hard it gets, stick your chest out, keep ya head up...and handle it. "
-Tupac Shakur

Lakota Monzo

"You have brains in your head. You have feet in your shoes. You can steer yourself in any direction you choose. You're on your own, and you know what you know. And you are the one who'll decide where to go."
Dr. Suess

Zachary Morton

Andriadora Pilgrim-Guay

When people told me time fly's by, I didn't believe them but damn it sure does. Well we made it 2015! I'll never forget the memories made here or all the different people I made them with. I'd like to thank Megan and David for making it through all the years here with me and my mom because there's no way I'd be where I am today without her.

David Pilgrim-Guay

I'd like to thank the people who have helped me get to where I am today! If it wasn't for the support of my love, Shannon, I would've never made it this far and want to thank you for everything. You're the most beautiful and perfect person and I can't wait to see what the future has in store for us! I'd also like to thank John Eliot and Kelly Fraser. You guys have been there for me when no one really was. I would also like to thank my football coaches Jim Rose and Tim O'Connor.

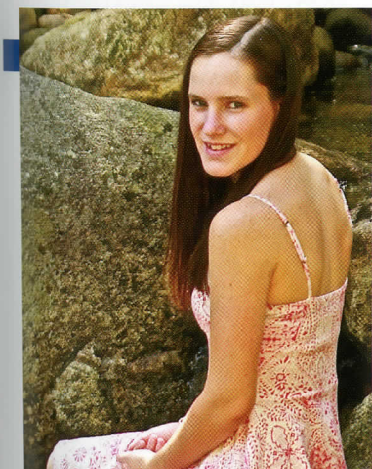

Noah Rose

"Reach for the stars, so if you fall, you'll land on a cloud." - Kanye West

Aaron Speakman

"You don't remember what happened. What you remember becomes what happened."
-John Green, An Abundance of Katherines

Gabrielle Stone

"Life isn't a true or false test, it's not even multiple choice. It's a 1000 word essay; write a great one."
-Unknown

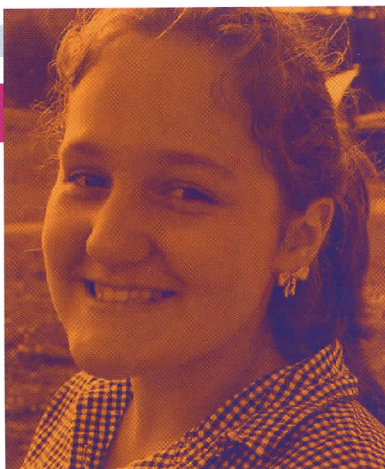

Rebecca-Lynn Tuttle

Thank you to all my friends and family for being there throughout the years. Best of luck to the class of 2015 in their future endeavors!

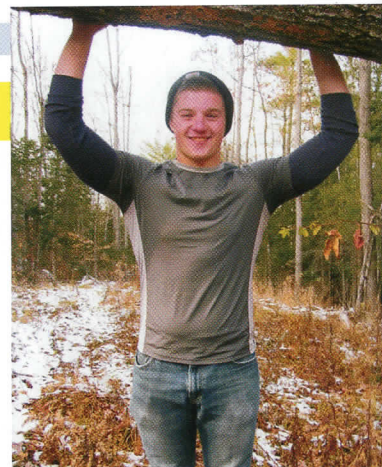

Anna Tyrina

"Screws just fall out of place all the time, the world is an imperfect place."

-John Bender Breakfast Club. The good thing is the screws that stayed were the strongest. We were screwed in well by our parents, our teachers, our mentors and just the simple necessity of a good education in this world. Let's not forget those screwdrivers who didn't let us fall out when we most wanted to. They brought us here, let's be grateful.

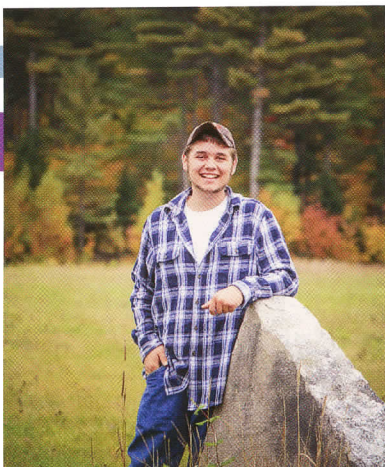

Ryan Vail

Taran Vitale

"The only real failure in life is one not learned from."

-Unknown

Kayla Waterhouse

Nickname-KK Friends-Chelsea Merrill, SkyeLynn Patten, Savannah Blood. High school was the hardest time for me but I made it. I want to thank my Mom and Dad for everything they have done for me to help me get to where I am now and who helped me become the Young adult I am. I love you guys. Class of 2015, We made it!

To the Class of 2015,

I would like to thank you all for letting me be a part of your lives. I can't begin to express how much you all mean to me. I hope and pray that you will be happy with the life that is about flash to by before you. When you look back on this yearbook, 20 years from now, you will understand. Enjoy the moment!

It is hard for me to believe that I have been with many of you for the past 11 years. For those of you who went to Crescent Park, I have many memories of when you were young. I spent a lot of time with you in the classroom and I spent every day with you at recess and lunch.

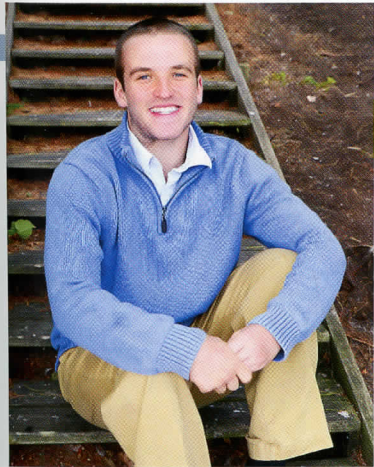

Gregory Wheeler

"I don't know half of you half as well as I should like; and I like less than half of you half as well as you deserve."
-Bilbo Baggins

Travis Wheeler

I want to be remembered as the fun kid who everybody enjoyed being around and I hope I inspired everyone in some way. "We start believing now that we can be who we are."
-Grease Carpe Diem

Zachary Wheeler

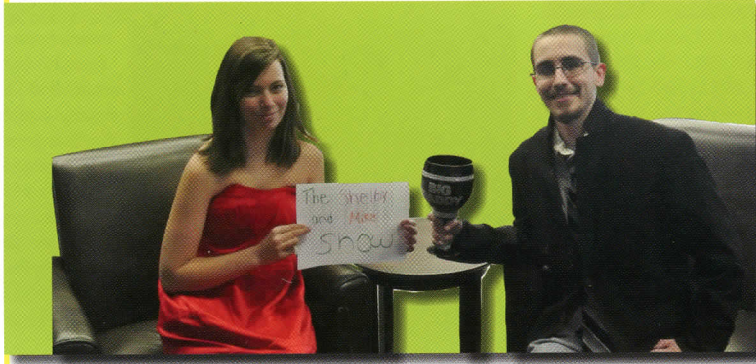

"Why do we fall, sir? So that we learn to pick ourselves up."
-Alfred

I used to love watching you all play knowing that it was my job to make sure everyone stayed safe. I hated lunch though, because many of you ate with your mouths open and that was gross.

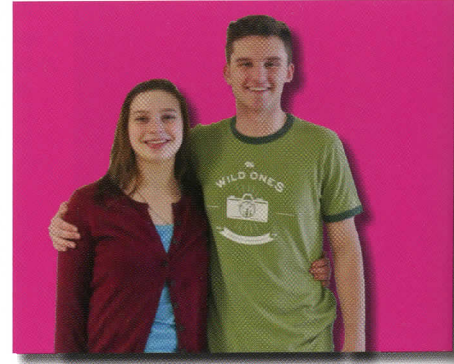

At the end of fifth grade, some of you asked me if I would be going with you to middle school. Of course I told you no, but I was kidding and when you got off the bus at Telstar I was the first person you saw out front on bus duty. We all got to meet your new classmates from Woodstock and Andover. The class grew and I soon found that I cared deeply for many more. For the next two and a half years I joined you in the classrooms and you all continued to grow. During the middle of your 8th grade year, I told some of you that I was finally leaving, but what I really did was move to the high school. When you returned in the fall for your freshmen year, I was once again there to meet you. I had a new job at the school, but stuck with you and became your class advisor. Wow! Now the last four years have really flown by. You all went from immature middle school students to young adults ready for the real world in what seemed like a flash. You're now driving your own cars, working your jobs, getting ready for college, and looking to start your life after Telstar.

As we all think of what will come in the next chapters of our lives, I wish to leave you with one last life moment. Get out and see the world. It is a big place and has a lot to offer you. Learn to trust your instincts. They will help you stay safe. Your life will be what you make of it, so make the most of it.

Best wishes and good luck,
John Eliot - Class of 2015 Advisor

Superlatives

We Are... Dedicated

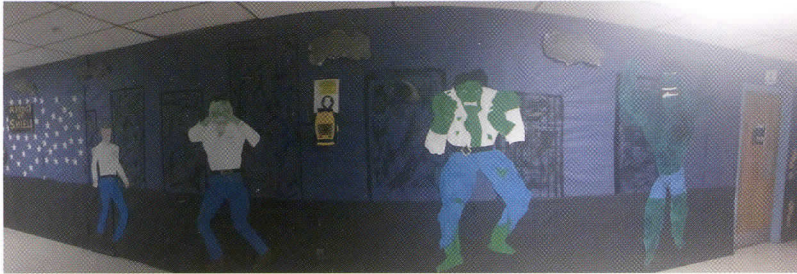

Dedication: devoted to a task or purpose, having loyalty to a single-minded topic. We are dedicated to our school. Working together in the community to get an education. As students and peers we all play a part in our school, all contributing to make it work in harmony. Students join Student Council, Interact and FBLA to help not only themselves but others. Some join to have a voice in what we do in our school. Students in these clubs have to be committed enough to come to these meetings, pitch in, and also have a great mindset to join and be a part of these clubs. We all make decisions on whether to be a part of something that helps both our community and our school. To be a part of all the dedication in these clubs, is a wonderful thing. They all play a role in taking care of the school and the community.

By: Savannah Merrill Grade 9

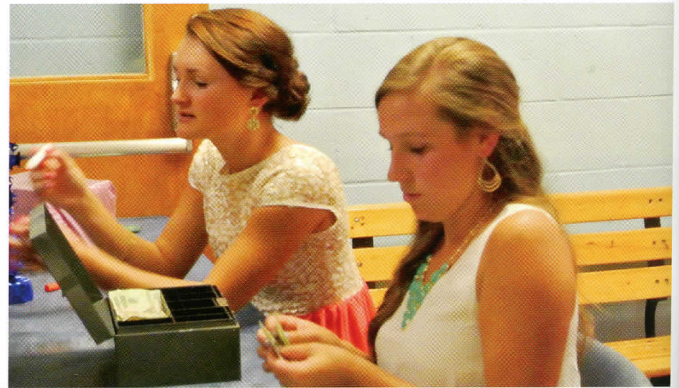

Student Council

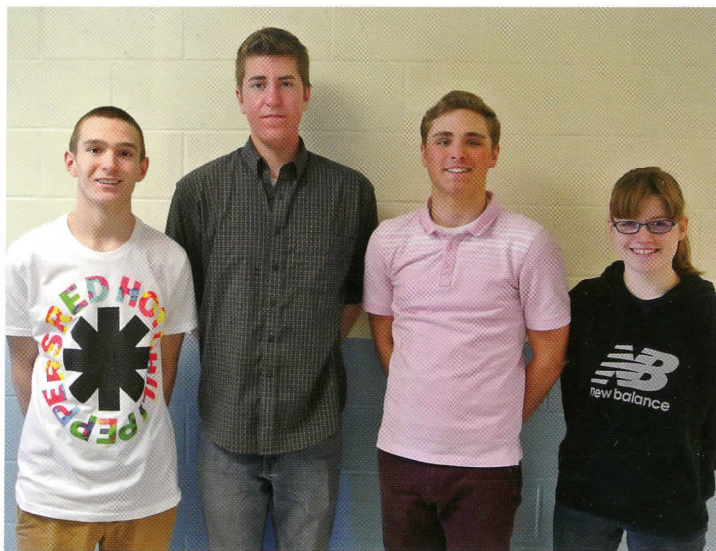

Student council leads by example and unites the school in a positive way. We serve as a source of communication between the students and faculty. We strive to create student involvement, build responsible leaders within our school community and promote the values that represent good character in all students. Trustworthiness, respect, responsibility, fairness, caring and citizenship.

-Ashley Savage, Co-President Grade 11

Freshmen officers: Treasurer; Gaelan Boyle-Wight. Co-Presidents; Marta Opie and Jarrett Bean. Secretary; Rebecca Morin.

Sophomore officers: Co-Presidents; Avry Griffin, and Jeremiah Richardson. Treasurer; Kellen True. Secretary; Kristi Hanscom

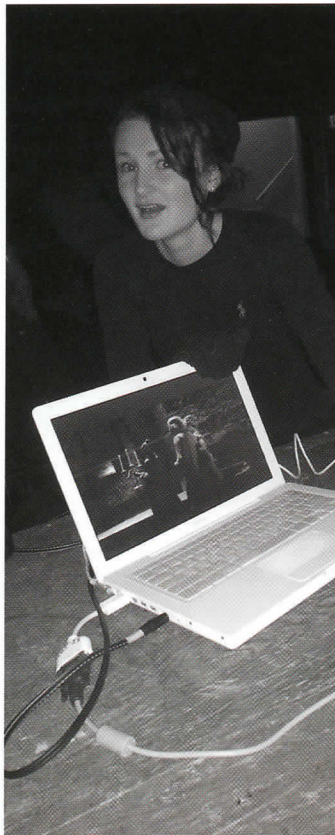

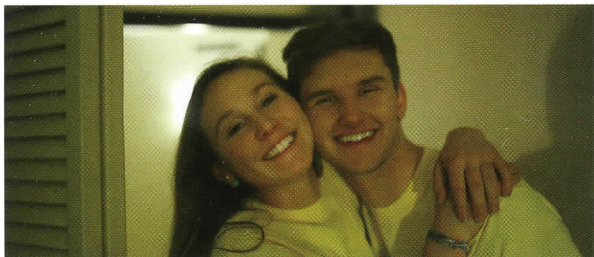

Junior officers: Co-Presidents; Blair Stevens and Cassidy Smith. Secretary; Savannah Vermette. Treasurer; Carla Boyle-Wight

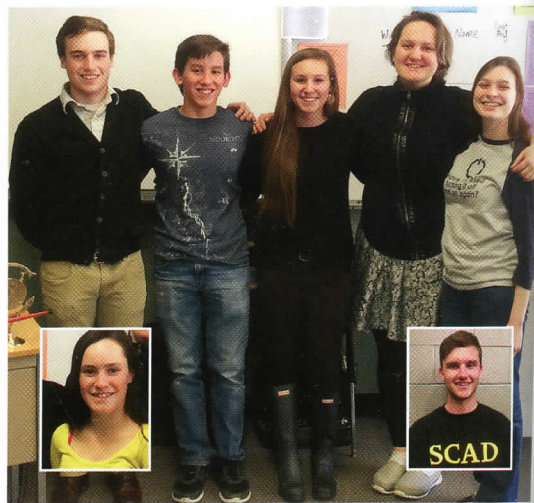

Senior Officers: Treasurer; Gabi Stone. Secretary; Tyra Howes. Co-Presidents; Liam Gallagher and Mike Cintron

Class Officers

Future Business Leaders of America, (FBLA) is a club of about 50 students. We spend the year fundraising to go to our Spring Leadership Conference, a three day conference in South Portland in March. This year at the Conference we took third place in the overall completion. We also won 20 individual awards, a huge accomplishment, especially considering we don't have business classes!

-Gabrielle Stone, Grade 12

FBLA

Interact

"servit pre self" **"Service over self"**

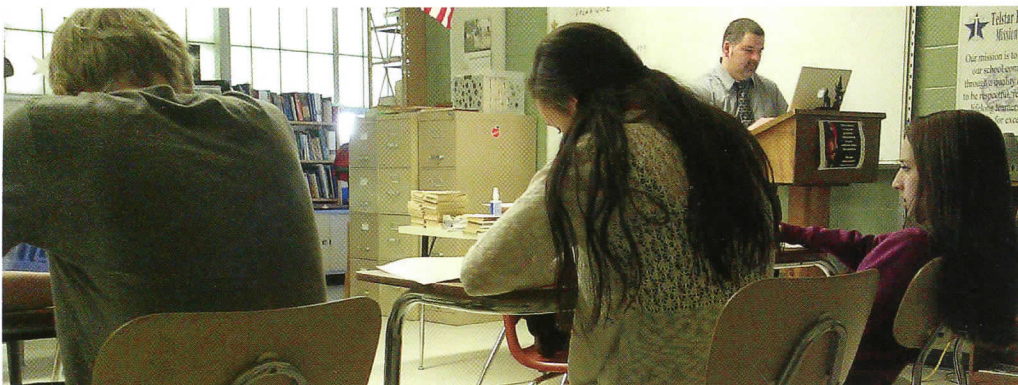

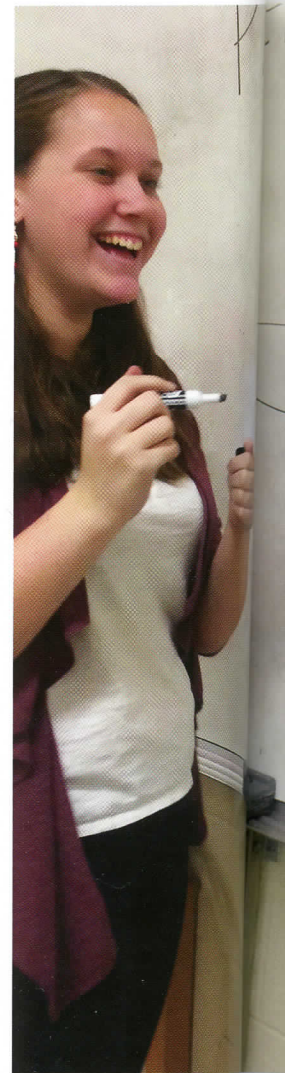

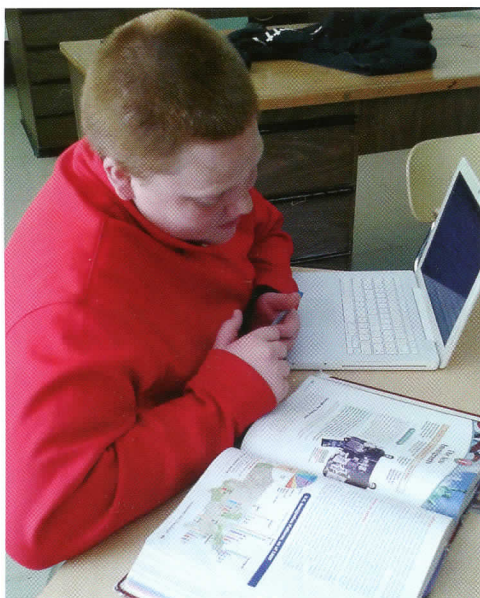

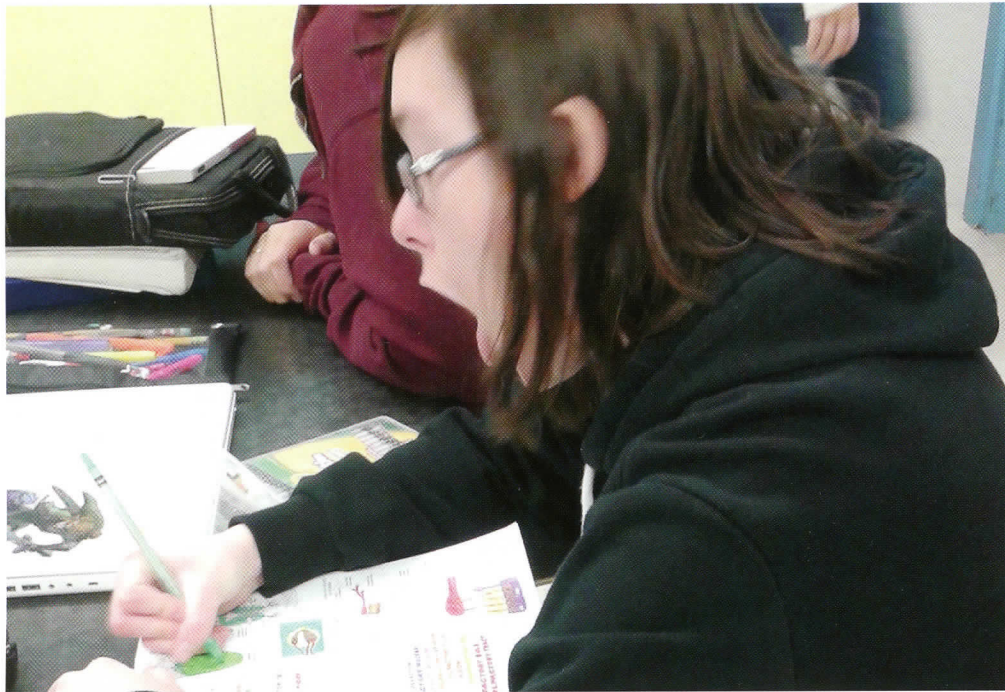

Interact is a community service based club, working in conjunction with the local Rotary Club. Interacts community service projects include two local projects and one international project every year. The club is for students dedicated to community service and helping enrich the lives of less fortunate. Furthermore, Interact helps students complete the required community service hours to graduate. There are hundreds of Interact clubs in the country all putting public service above all else.

"We make a living by what we get, but we make a life by what we give."

- Winston Churchill

-Michael Cintron, Grade 12

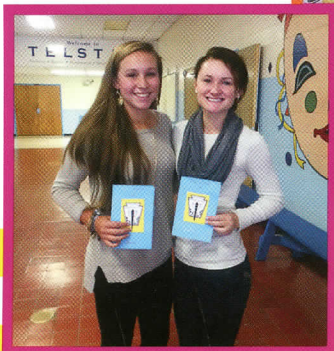

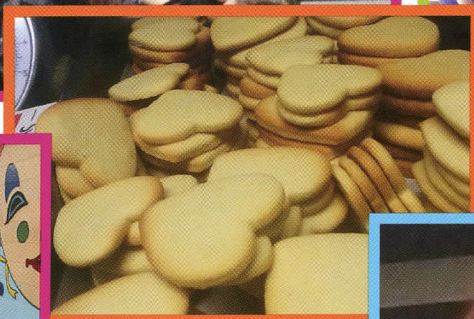

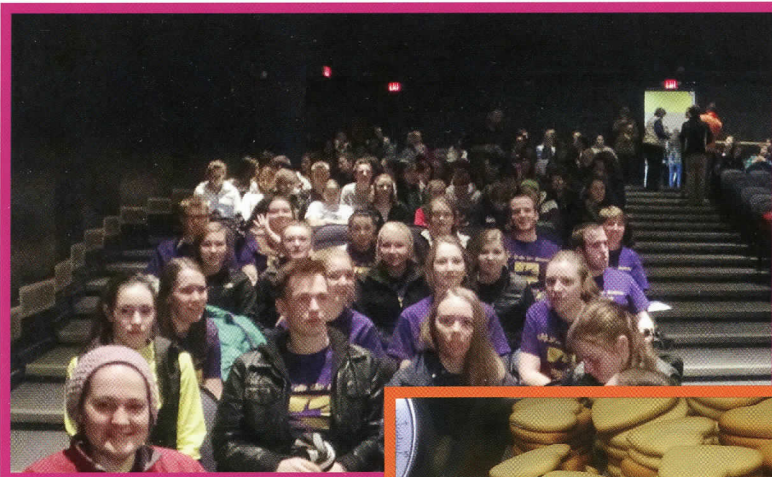

We are... **Academic**

Academic means; of or relating to education and scholarship. Telstar has a variety of courses for students to choose from, all of which help us persevere through our education and prepare for life after High School. We learn to question and problem-solve and strive for finding the answers. We take pride in our learning especially when teachers work to make it fun and interesting. Education is a key aspect of life and without it, few succeed.

-Savannah Clough, Grade 12

**"Education is the most powerful weapon which you can
use to change the world"**
-Nelson Mandela

NHS

The National Honor Society is a group of students who are selected by a faculty council based on their scholarship, leadership, character and service. The group's focus is service projects for the community.

We host the annual Senior Citizen Thanksgiving Dinner, run a Coats for Kids drive, raise money for the

NHS state fundraiser, attend the annual state conference, and host an American Red Cross Blood Drive every year.

Why do you like to tutor?

**Ashley Savage,
Grade 11:**

"....it's cool to use the skills I learn in school to help others. "

**Cassidy Smith,
Grade 11:**

".....because I live to help others. "

Tutors

Students learn in different ways. Sometimes student tutors have tips and tricks that can help others with their homework. For the past two years the Telstar Learning Commons has hosted a tutoring program where students who want academic help can get it. Tutors receive Community Service hours for helping others. Even though many people do not take advantage of the program, the students who do have found it very helpful.

Gregory Wheeler, Grade 12:

"....sometimes people just need help. "

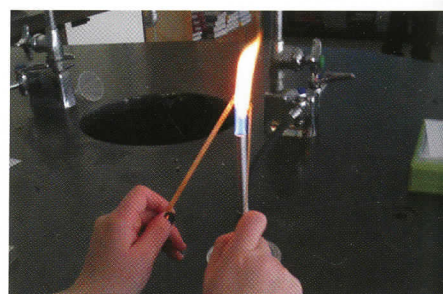

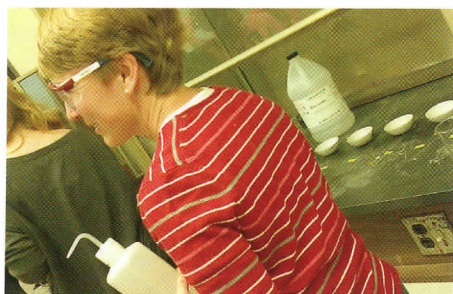

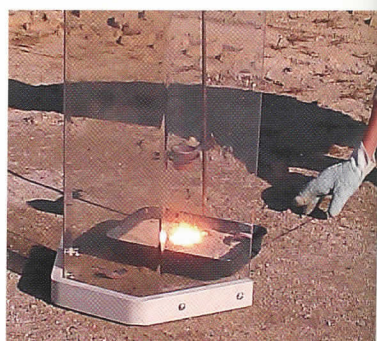

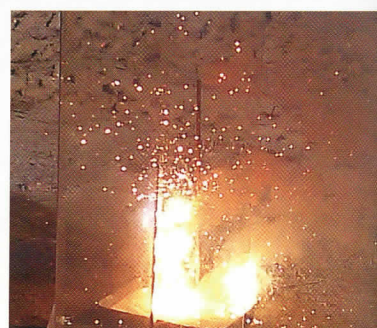

Aislinn Forbes, Grade 12:

"....sometimes I learn things about myself. "

Zachary Wheeler, Grade 12:

"....it helps improve the school's community. "

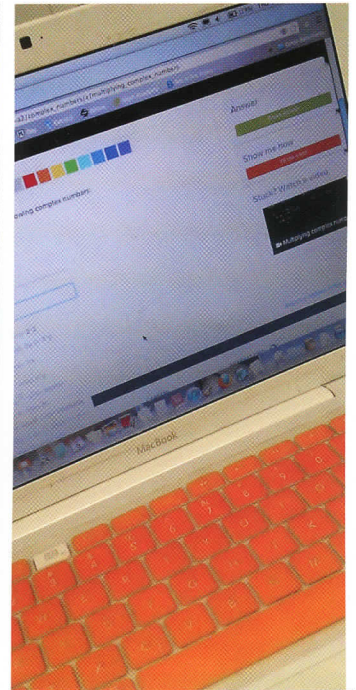

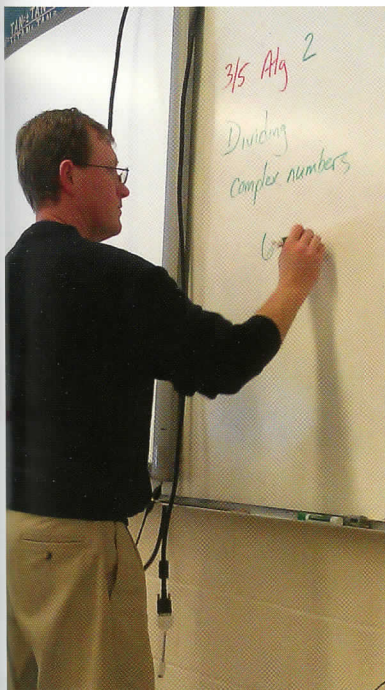

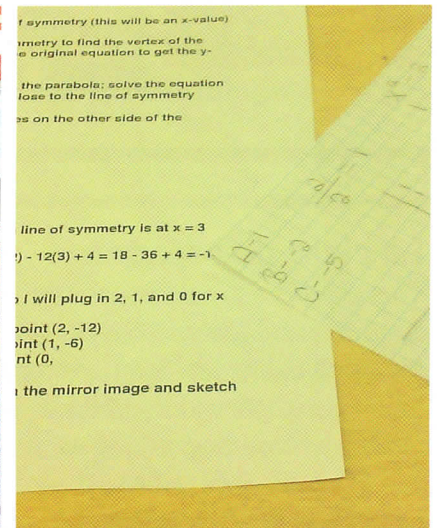

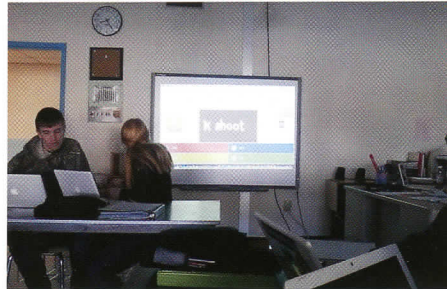

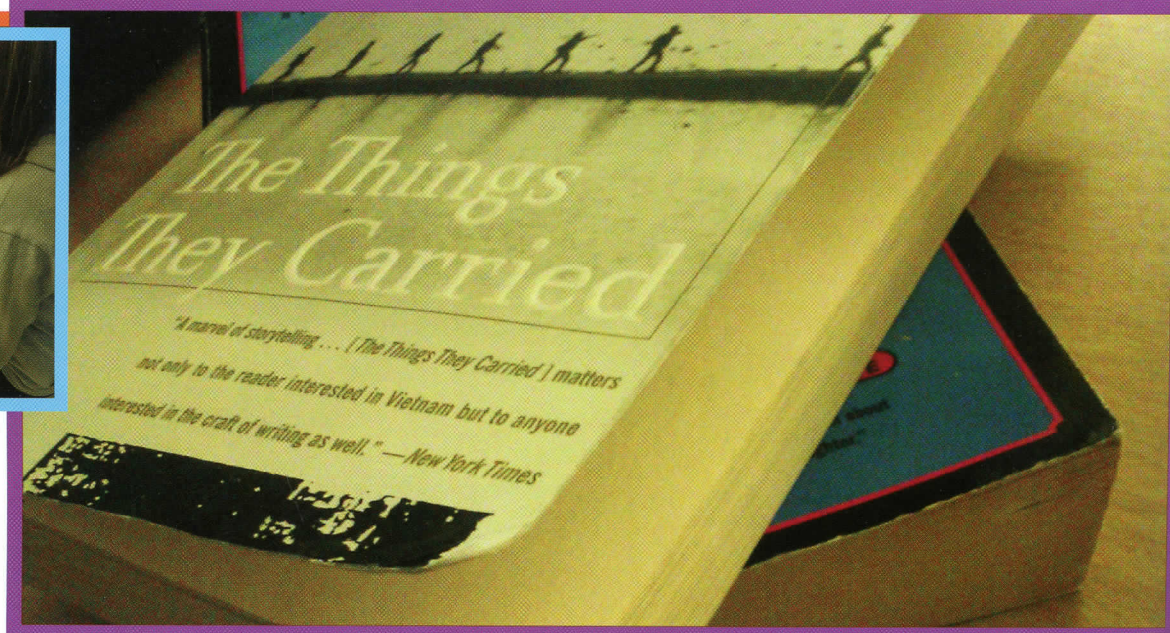

Science

Geology and Land use...check! Living systems and evolution....check! Want to learn about the composition of substances and how they physically and chemically change....go see Mrs. Southam! Or maybe you want to learn about motion and magnetism in Physics. It may be part of the curriculum, but at least Ms. Dole, Mr. Lunney, and Mrs. Southam make it FUN!

Math

Wanna learn how to include letters into math... Algebra is your subject, just talk to Mrs. Owens! Including shapes into math hasn't been fun until you have done it with Mr. Rose and Mr. Sadler in geometry. Calculus is a great way to fix problems in new ways and both of these awesome teachers will find a way to make it fun for you.

English

"To create something exceptional, your mindset must be relentlessly focused on the smallest detail." - Giorgio Armani

La clase de español:

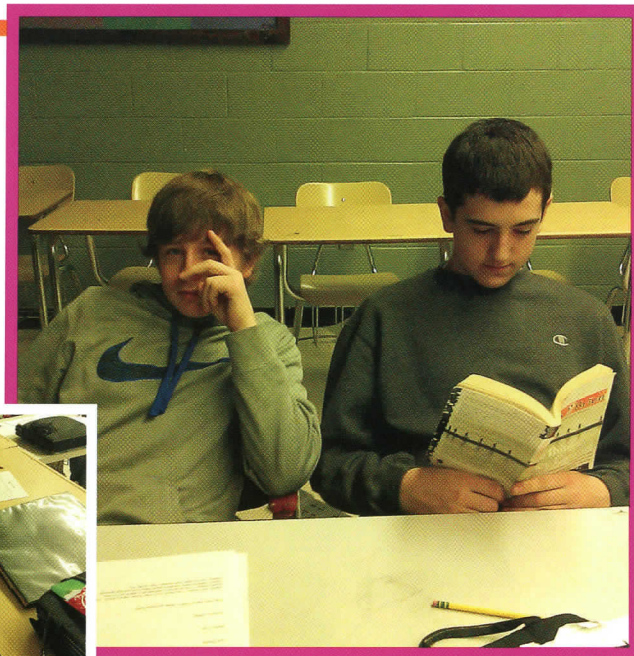

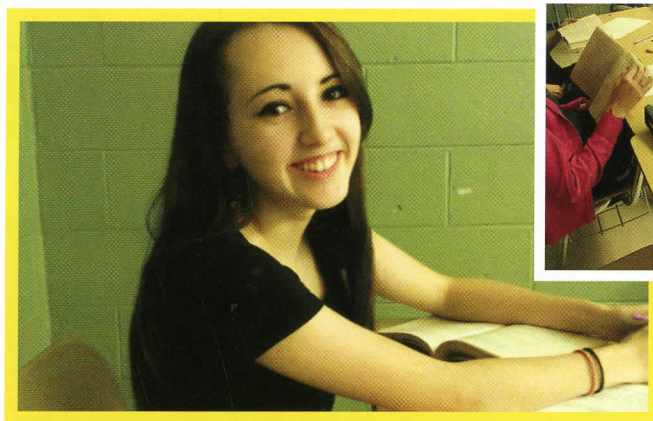

This class is a great opportunity to learn a foreign language and learn about the culture in different spanish-speaking countries. Students learn the basics such as hello, goodbye, and numbers to learning about food, clothes, colors, and asking what they like and why.

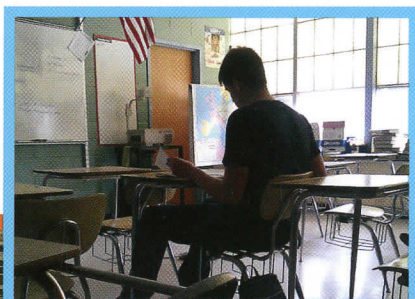

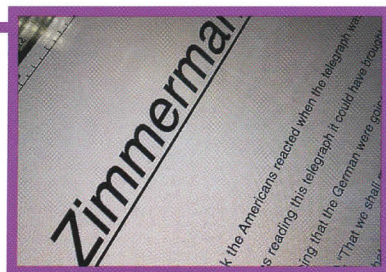

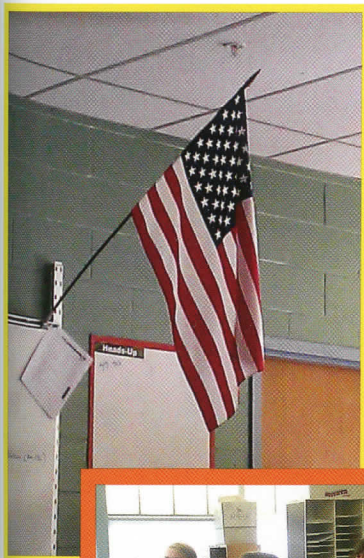

Spanish

English/American Literature:

English class provides a way to be clear! It is a way to communicate and listen to others tell a tale. Writing essays, poems and reading fictional and non-fictional stories is another form of creativity and is just one other way to discover how awesome the world really is.

" Following the light of the sun, we left the old world. " - Christopher Columbus

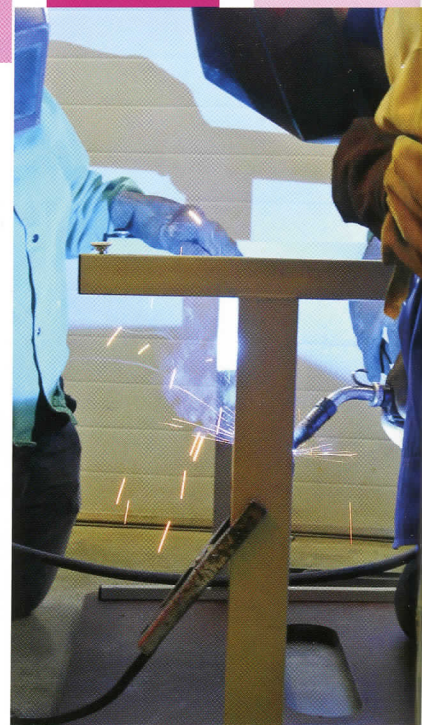

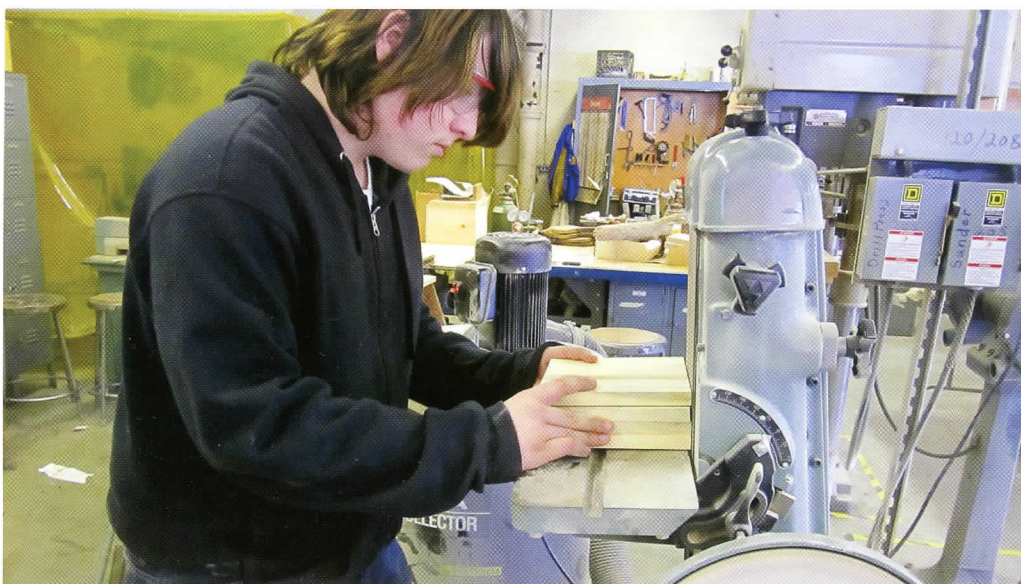

History:

History provides us with the opportunity to learn how to never repeat the past and always move forward. It allows us to venture into Wars once fought and discover how we became the world that we are today. It is an opportunity to learn how people once lived, make connections that link our past to the present and persevere.

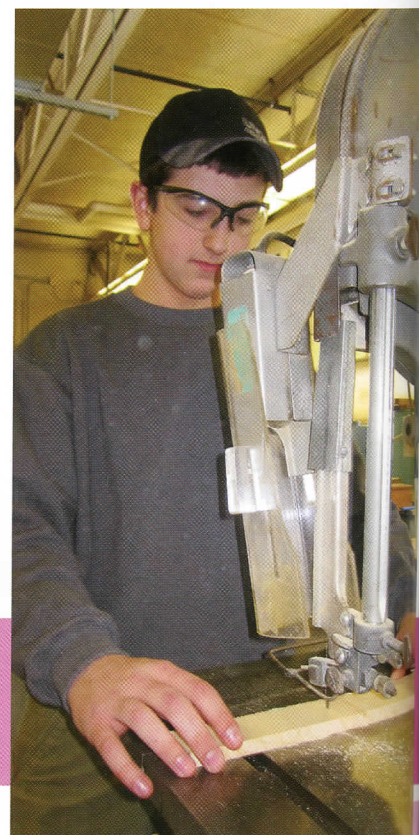

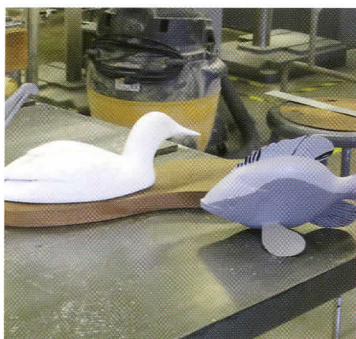

We are... **Creative**

Even at a small school, we still find a way to show our creativity. With either a paintbrush and paper or a saw and some wood, or even a clarinet and its sound. The possibilities are endless. Along with a little imagination and inspiration, we think outside the box and create something with passion. As seen in our physical education classes and the things we do. As Ken Robinson once said "Creativity is putting your imagination to work, and it's produced the most extraordinary results in human culture." -Courtney Currier, Grade 12

Wood-tech

When you walk into Wood Tech, your nose is filled with the smell of wood. Safety comes first in this creative environment. It is an opportunity for many different kinds of students, including those who are more successful with hands on experiences. In Mr. O'Connor's class you can explore the world of wood manufacturing and the technology that goes along with it.

Visual Arts

In the art room, all students are welcomed by the kind hearted teacher Tera Ingraham. In this space, students feel safe to express and explore ideas. While being fully educated about all the aspects of the creative process you also get to create works that you are proud of. The art room is a fun place to play with clay, paint, draw and communicate your ideas visually.

"It is a way to express myself."

-Tyra Howes
Grade 12

"It makes you think of ways to expand your mind on a creative level."

-Rachel Dougherty
Grade 12

"It's exciting to see the outcome of the creative process."

-Gabe Sylvester
Grade 10

**Why do
you love
being
creative?**

Band & Chorus

In one sentence, can you tell why you like to sing or why you choose the instrument that you play?

Luke Davis:
I like to sing because I enjoy it.

Blair Stevens:
I play the violin because I thought it sounded pretty.

Nicholas Johnson:
I like to sing because it is a way I can express myself.

Savannah Vermette:
I play the flute because I thought it was an interesting instrument.

Marta Opie:
I play the trumbone because I thought it would be fun to play.

Chorus and band is a performance-based class. Students who participate in this class perform in two concerts, along with band. There is a concert in the spring and one in the winter. Students in chorus and band qualify to audition for any MMEA Music Festival. Our own Telstar band plays when we have a school play.

Mrs. Bennett taking a break from chorus to take a silly photo for the yearbook.

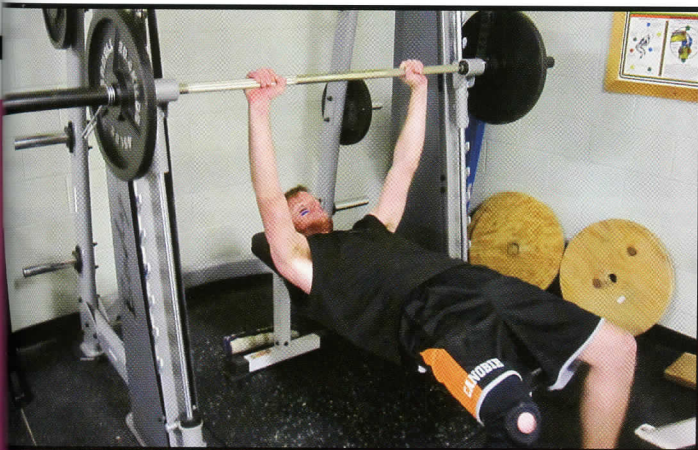

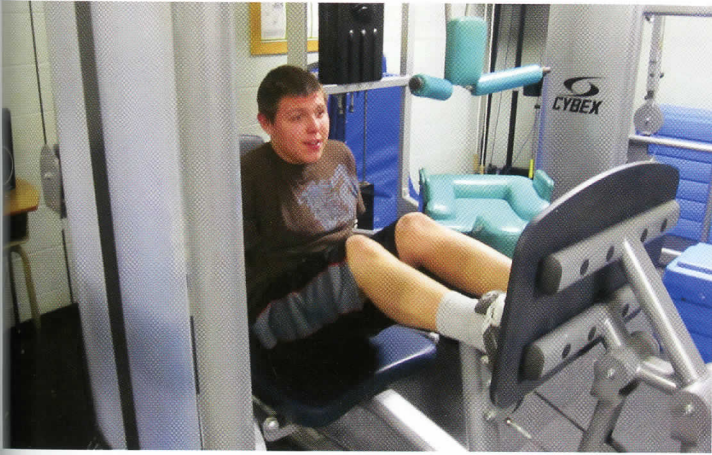

Chorus students are doing some warm-ups before they start practicing their songs.

Physical Education

In this course, students learn how to maintain a healthy lifestyle. Students play different sports and do different activities. They have to complete the mile run which is timed by the end of the course. This is basically to help get you fit and see how you are with pacing yourself. Students also have the option to go in the weight room and create their own routine based on what they want to work on to get their body fit.

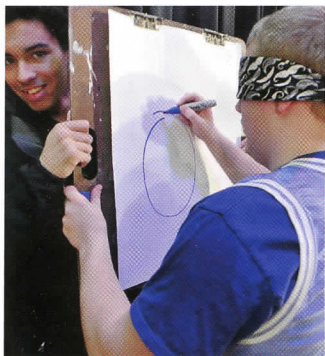

Another gym class that is offered is Telstar Challenge. In this class, students do different activities in which they have to work together to complete. They do a section of first aid and will receive their first aid certification at the end of the course. Students in this class will also do a section of beginner level whitewater canoe program.

John Brooks is a student aide for one of Mr.Keane's gym classes. He is showing Ricky Kneeland how to use one of the bench presses in the weight room.

Mr.Keane is talking to a group of students starting a gym class. He is explaining what they will be doing throughout the course and what it involves.

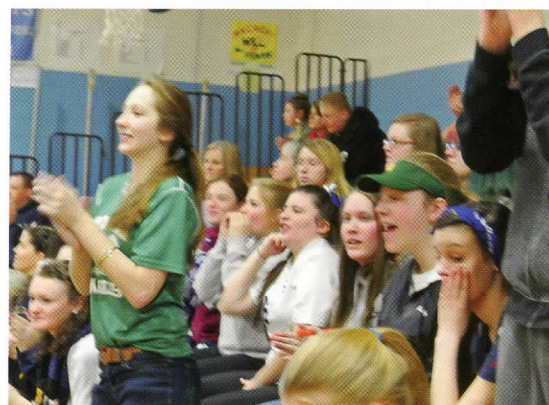

Winter Carnival

Aside from Homecoming, Winter Carnival is Student Council's other BIG event. This year's theme: SUPERHEROES!

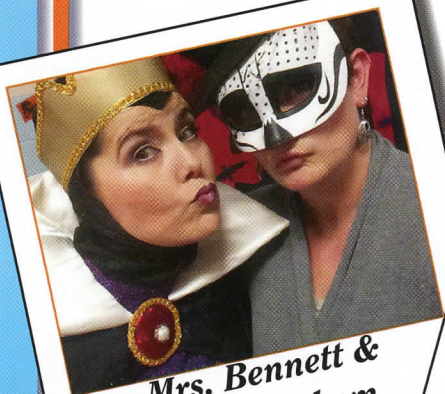

It is the battle of the classes. A week filled with gym games, dressing up, and decorating the hallways. Each class trying to prove that they have the best school spirit and can unite to win Floor Hockey, Pin Guard, Ultimate Frisbee and Wiffle Ball.

The Junior class came out of the gates running right from the start and proved to be the class to beat. The Sophomores and Seniors went back and forth for second place but in the end the Seniors were able to hold their spot. Of course, the Freshmen learned as they went and ultimately settled for last place.

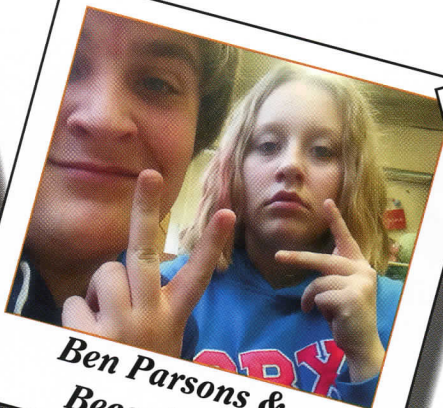

We saw students dressed in capes, Dr. X(a.k.a. Kellen True) rolled around school in his wheelchair, and the hallway decoration proved there is a lot of artistic talent in this school. The school united to cheer on each other and enjoy the collaboration and fun.

Winter Carnival
Week

— Superheros —

We Are....

Athletic

What made you want to become an athlete, why did you choose field hockey?

Well, I wanted to be active. I have always seen the high school girls playing hockey and I knew right away that was what I wanted to do. I chose field hockey because it looked fun but once I started playing I got hooked. Field hockey is my life.

-Kaylee Haas

We Play Football

What did Football mean to you?

"Football taught me the benefits of hard work and commitment. It showed me what it meant to really be a leader."

-Sr. Captain Zac Wheeler

"A game that I love to play, a chance to get together with friends and compete as a school."

-Sr. Michael Dougherty

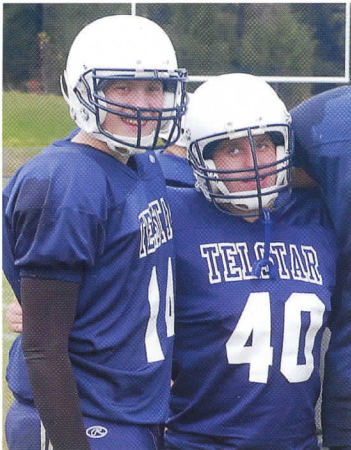

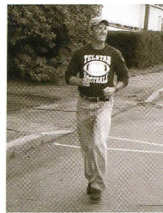

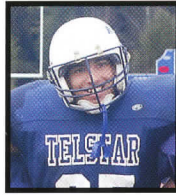

"Just about everything. It was a place where I can go and hangout with other guys. Football was a brotherhood and if you don't play you wouldn't understand."

-Sr. John Brooks

"Although our season didn't turn out the way we had hoped, we did make noticeable progress with team unity. We also had a crew of players who demonstrated the value of a dedicated off-season workout regimen."

- Coach Jim Rose

"Field hockey was an amazing experience. I love my team and couldn't ask for a better one. I was a three year varsity starter, and the captain this past year."
- Sadie Elsworth

"Being chosen to be co-captain my senior year was such an honor! The field hockey team did amazing this year, making it to playoffs, and I couldn't be more proud!"
- Katie Merrill

A special thanks goes out to Jillian Thielbars parents, Christopher and Shannon Thielbar, for an extremely generous donation for our new kilts!

We Play...

"A slow start and some key losses kept the team from reaching their playoff goal, but as the season progressed the team improved and ended their home stand with a tough win over Wiscasset. Through out the season the team kept their composure and the league took note of this by awarding them the Western Maine Class C Sportsmanship award. This was a huge honor for the team. Outgoing senior captains Nick Johnson, Liam Gallagher, and Maverick Griffin will be greatly missed."

- Coach John Eliot

Soccer

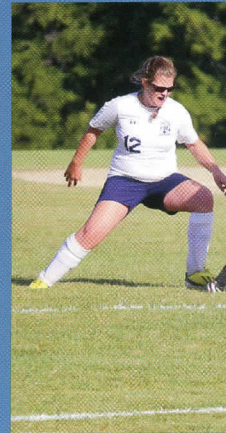

"During the three years of highschool soccer, I have learned not only the game but how to be a leader on and off the field. When I was in goal I felt like I had found my place. I never left the field upset or discouraged with myself or my teammates. Doing your best was the main goal in my opinion."

- Courtney Currier

"Soccer is a chance to get together with a great group of girls and play a sport we all love. Although it was a rough season for us, the hard work we put in showed progress throughout the season not only in our skill, but in our teamwork. With the help of our amazing coach, I feel like it was a successful season. Soccer is a passion of mine and I'm glad I got to share it with the girls on the team. Can't wait for next year!"

- Ashley Savage

Why do you play golf?

"The most important shot in golf is the next one"

-Ben Hogan

"I like to play golf because it is a challenging sport that I will be able to play for a very long time." - Reggie Westleigh

"To me golf is something that I enjoy doing, this year I was asked to play so I stepped up and helped the team out." - John Walker

"Coach Lunney really makes the game interesting." - Josh Elliot

"Golf is a life long sport that I enjoy learning along side Coach Lunney." - Hunter Willimson

"In golf as in life it is the follow through that makes that difference"

-Anonymus

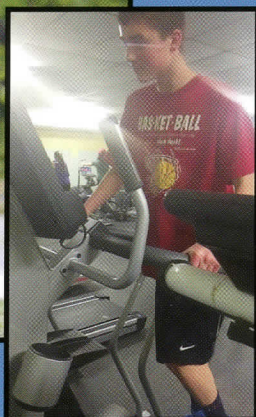

"Without any teammates to blame, every mistake is your own, defeating those past mistakes feels pretty nice, and that's what the challenge of golf is and that is why I enjoy the game as much as I do." - Russel Cushman

We Golf

We run cross country

How intense is your training ritual when preparing for cross country season?

"Pretty intense, I do a combination of speed and distance workouts and run all summer long. Cross Country is my favorite sport!"
- Gabi Stone

"I run all the time and really watch my diet!"
- Kaitlyn Brown

"I run everyday, sometimes twice a day. Morning runs are by far my favorite. During the Cross Country season I eat healthy foods and get plenty of rest."
- Blake Rothwell

We Play...

What is a memory that you will never forget about this season?

"Playing our first game without any subs at Mt. Abram"
- Becca Howard

"When Blair passed the ball so hard that it knocked Kylee over during warm ups."
- Savanna Pelletier

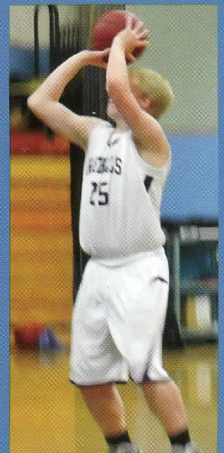

"When Cam stormed into the locker room, punched some lockers and then laughed when he realized that we were in there."
- Hayley Peterson

"The very physical games"
- Naomi Carr

"Our pre-game locker room talks, we are hilarious."
- Blair Stevens

Basketball

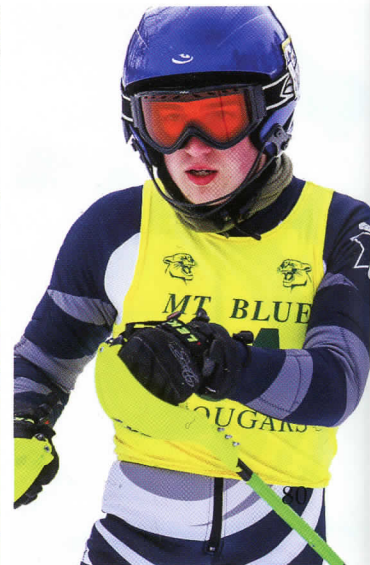

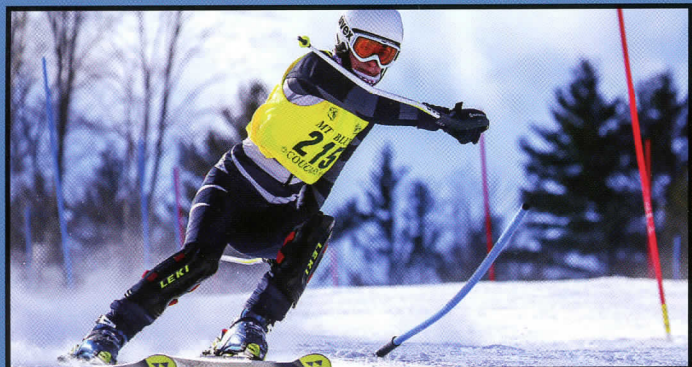

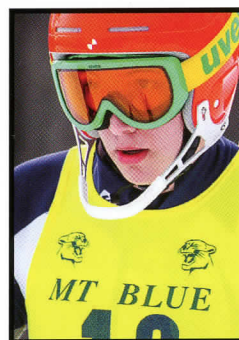

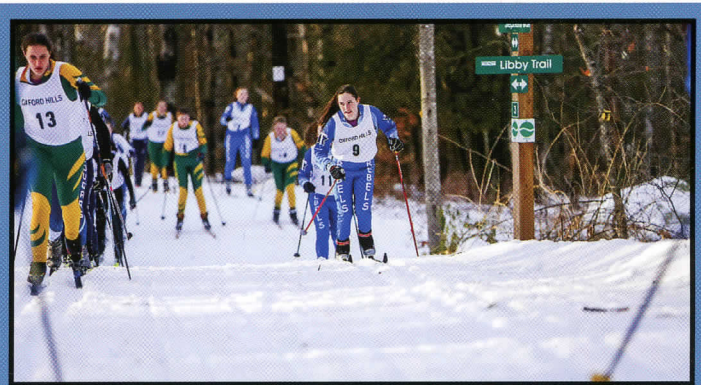

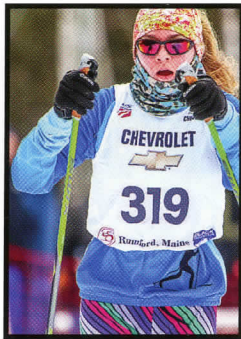

"This season had many highs and lows as most seasons do. As a coaching staff we attempted numerous changes. Some were welcome while others were met with resistnace. We were extreamly pleased that the kids work ethic was at its highest level during the last three weeks of the season due to the length of the season this is not always the case. We coaches stongly believe the reason for this was the leadership of three special seniors Maverik, Michael, and Zac. We want the three of you to always remember even though this was your final season as high school basketball players your contributions are not an ending but instead the foundation of a programs beginning."

Thank you,
Telstar Basketball Coaching Satff

We Alpine Ski

What does skiing mean to you?

"To me skiing is a way to escape and feel free."

-Liam Gallagher

"Skiing is everything, I grew up skiing and I do it because I'm good at it."

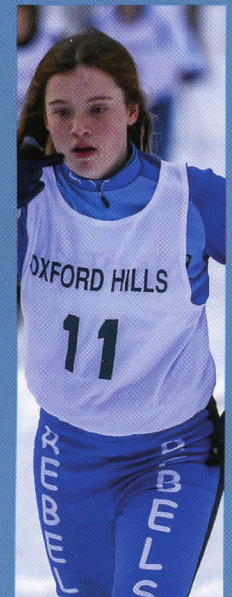

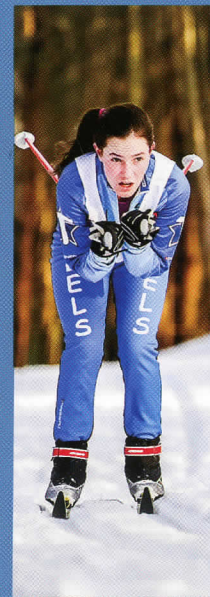

- Carla Boyal- White

"An escape from regular life"

-Kellen True

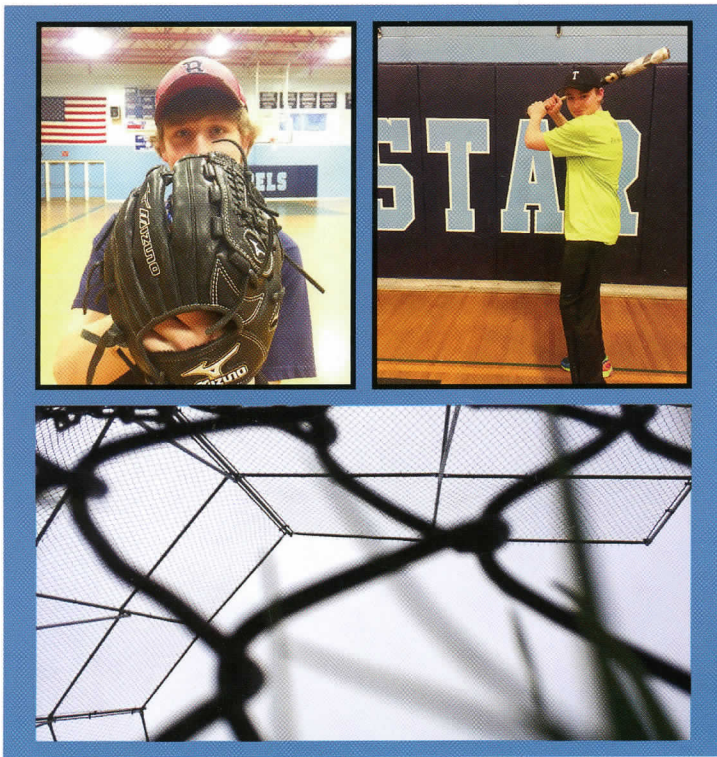

"Skiing is my life, it means everything to me"

- Elijah Laird

We Nordic Ski

Who is your favorite baseball player and why?

"Jason Varitek because he was a great catcher and my inspiration growing up"

- Jack Connell

"Jackie Robinson because he was an awesome first basemen and broke down racial barriers by becoming the first african-american to play in the MLB."

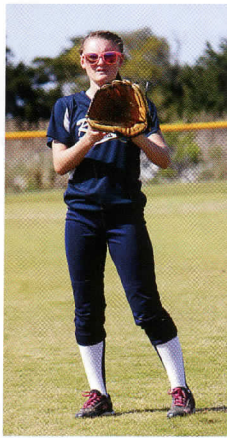

- Noah Rose

"David Ortiz, because of his bright personality and how he plays the game because he enjoys it, not for the money."

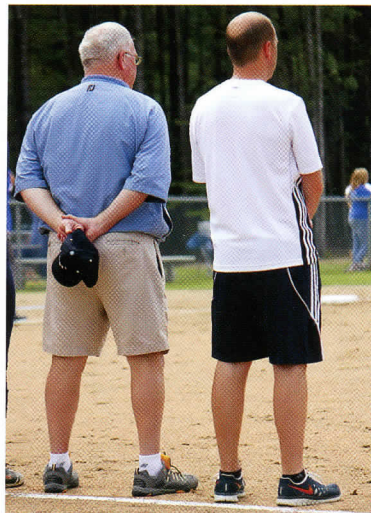

- Tanner Wheeler

We Play Baseball

We Play Softball

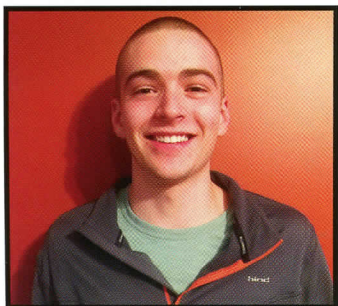

We Sprint to the Finish

My main events are the 400, 200 and the 4x400 relay. I like to alternate between the 100, 800, and 300 hurdles from meet to meet. I do these events because I am more of a sprinter rather than a long distance runner. I like track because it's an individual sport, except for the relay. The hard work, training, and effort you put into competing is what you get out of it.

- Kellen True, 10th Grade

My events are the 200m, 400m, and 800m. I do track because it requires more determination and more will power than any other sport. You really have to be willing to push yourself if you want to be successful because there's a lot of competition and a lot of great athletes all trying to get a spot at states. Pushing yourself to the absolute limit physically does more for your mind than your body. That's why I do it.

I prefer the short distance events because I am naturally a better sprinter than I am a long distance runner. And the short distance races have smaller time gaps between finishes, which makes for better competition.

- Maverik Griffin, Grade 12

Why Running?

"I like to run track because I'm good at it. I'm naturally quick on my feet and love running outside during the spring time!"

- Avry Griffin

"Track is a good way to get into shape and it's an independent sport"

- India Orino

"Track is an individual sport that allows me to push myself to be the best I can be"

-Kaitlyn Brown

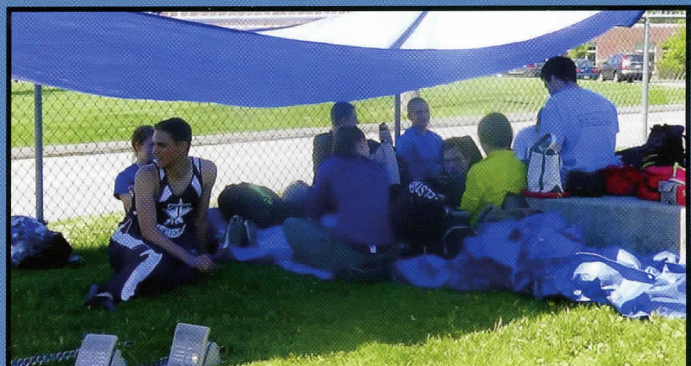

"Track is a way for me to connect with my friends outside of school"

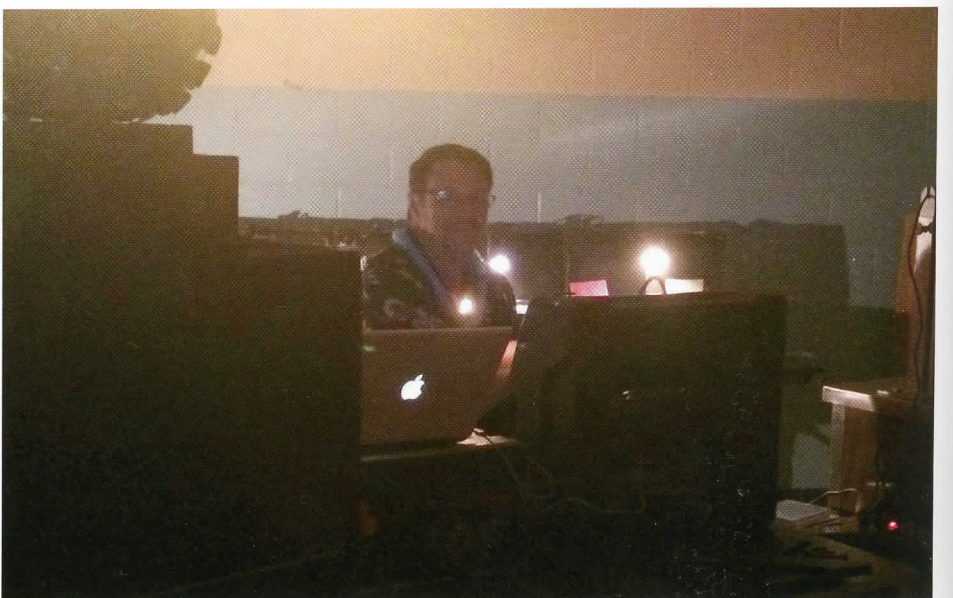

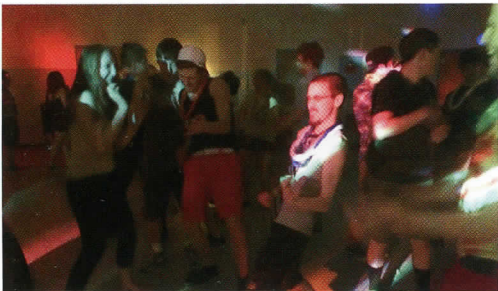

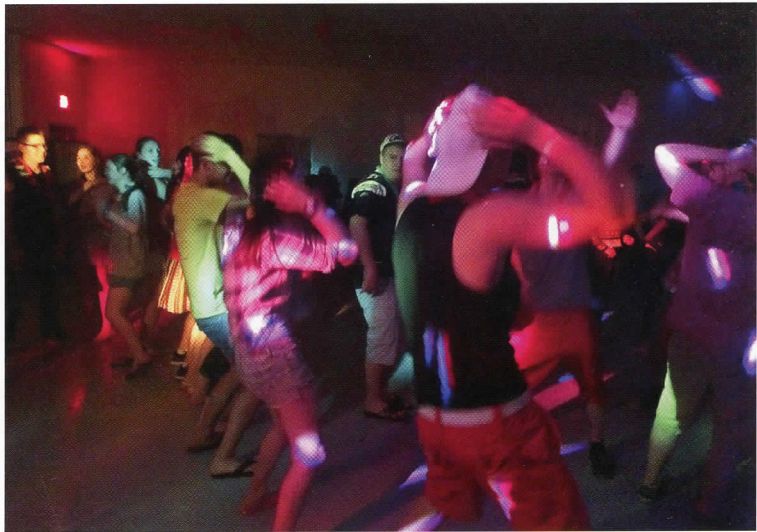

-Carla Boyal-White

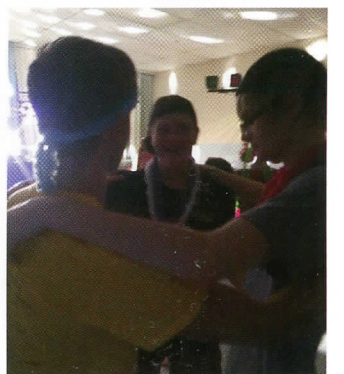

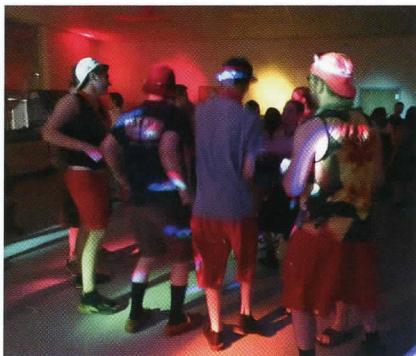

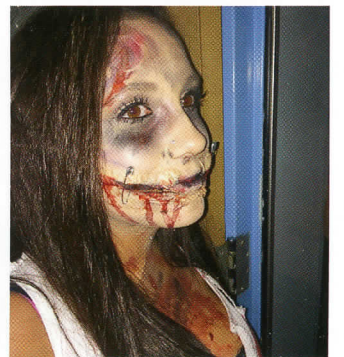

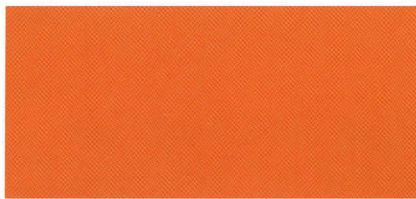

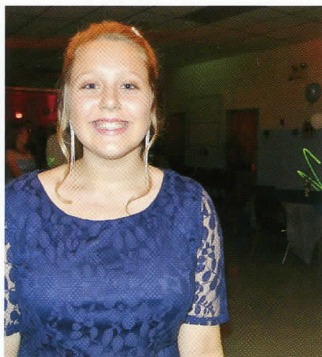

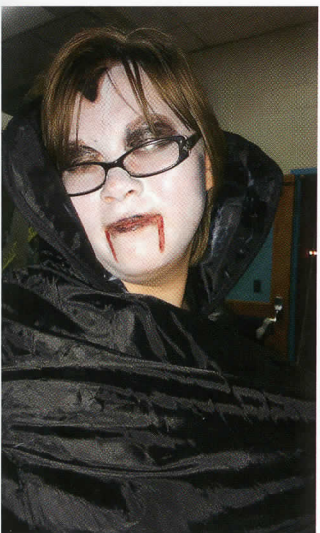

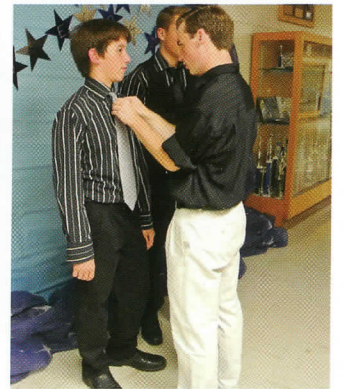

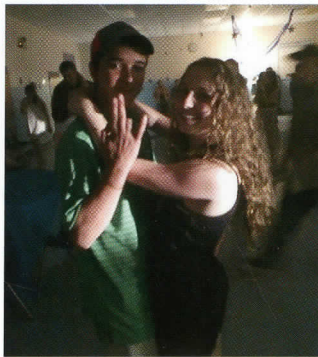

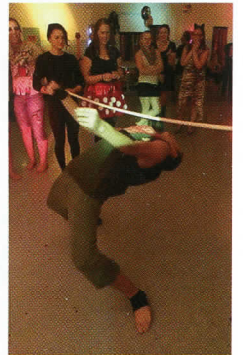

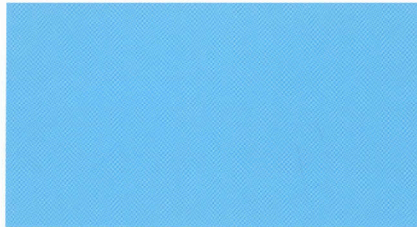

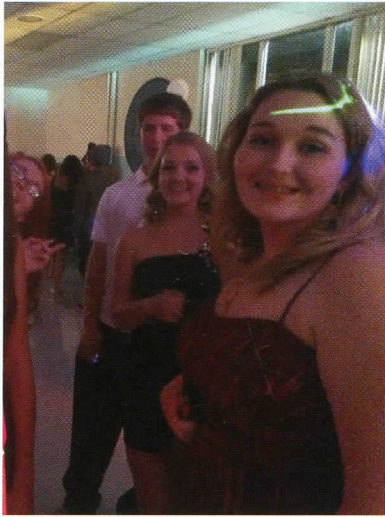

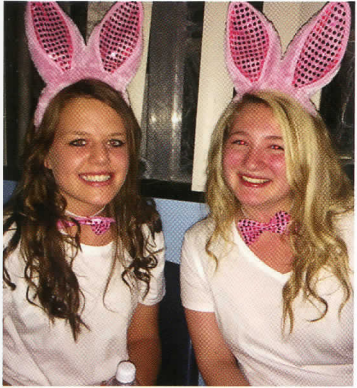

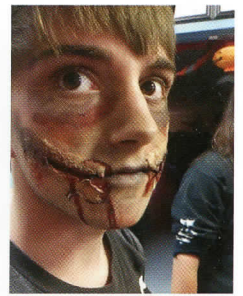

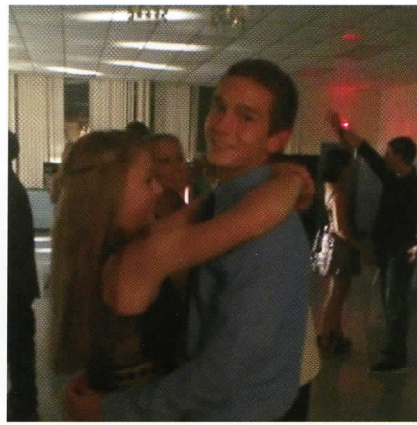

Why Field?

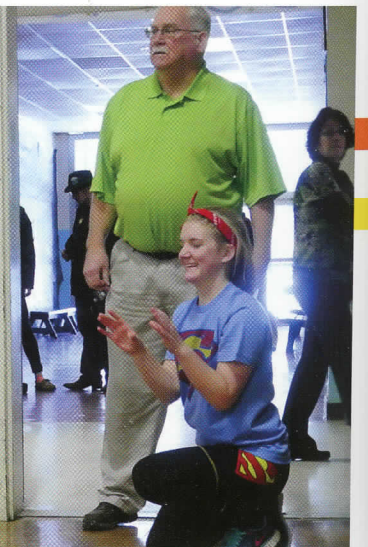

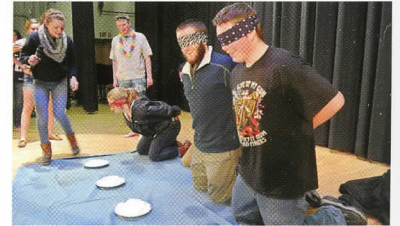

"Because I thought why not represent Telstar in all the sports and be the only girl in shot put and javelin and discus I thought was cute"

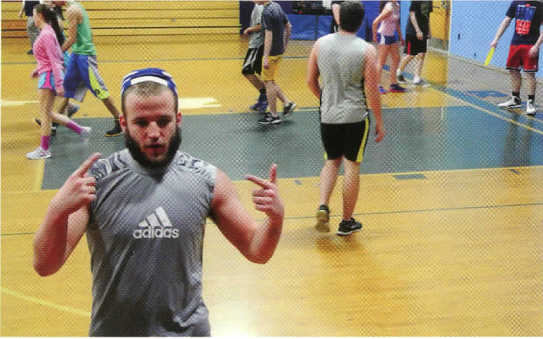

-Sequiera Lavender-Frazer
